Unique finca near Bunyola and Santa Maria

This typical Mallorcan finca is located 15 minutes from Palma center and just between the villages of Bunyola and Santa Maria. The property overlooks the mountains and the sea.

The finca has a total living space of 1200 m2, a terrace area of 350 m2 and plot of 50,000 m2. With these generous measures, there are great possibilities of what you can do with the property. An alternative is to make an agroturismo hotel which could then consist of 12 bedrooms and 12 bathrooms and kitchen and living room and a large gym and spa. Should one want it as a private residence, there is room to make up to 20 bedrooms. A swimming pool can be built on the site. The renders of the property after a renovation is only an example of what you could do with the property. The project is not included.

Additional information: Parking, sea view, fireplace, terrace.
