Charming apartment in Santa Catalina

At the top of a two-storey house we find this charming gem. This home has been carefully renovated without sacrificing the home's original charm.

The apartment has a living area of 66 m2 and consists of 2 bedrooms and one bathroom. A small hall leads to the right where we find three rooms. The center room, which is used as an office and living room, has access to a small balcony facing west. Two bedrooms with space for a double bed surround the center room. Directly in front of the hall is the kitchen which has plenty of space for a large dining area. To the left of the kitchen is the laundry room and a large bathroom with both bath and shower. All electricity and plumbing, as well as flooring were replaced in 2019.

Additional information: Air conditioning and the furniture are included.
