This spectacular, newly built house with amazing views over the Palma Bay is located in the peaceful area of Bonanova. Bonanova lies on the hills above Palma and is a perfect area for families with several schools in the area as well as green areas but still only a few minutes by car to central Palma.

The beautiful and luxurious house has just been completed and offers 413 m2 of constructed area and 4 bedrooms and 4 bathrooms distributed over two floors. The materials and the equipment used are of high-end quality such as kitchen and cabinets from Birgit Müller, underfloor heating and saltwater pool. You step into the property to a light flooded entrance hall with high ceilings and views to a beautiful patio. On the entrance level there are two bedrooms, both with bathroom en-suite and access to a large terrace and garden as well as a room that can be used as office or a guest room, a room intended for a private gym, a laundry room and a garage for two to three cars.

A beautiful stairway leads you up to the next level where we find the large open kitchen and living/dining room with fireplace and high ceilings with amazing roof beams. The views that welcome you here are absolutely stunning with the pool overlooking the sea. The large floor to ceiling windows give this spacious room a wonderful flow of natural light and the sliding doors open up in a way that the inside becomes one with the outside. The saltwater pool is the perfect place for the warm summer days and there is also a BBQ to enjoy the space with friends and family. The terrace and garden comes completely equipped with high quality furniture from Terraza Balear. On this level we find the large master bedroom with bathroom en-suite that includes both a shower and a grand bathtub as well as another bedroom and guest toilet. This is a house that will impress with quality, space and not at least its breathtaking views!
