Charming house with pool in Port de Soller

This enchanting house is located in Port de Soller, a small coastal village west of Mallorca. The property was renovated in 2015 and it represents the rustic Majorcan style.

The house has a living area of 100 m² that is divided into a spacious living room and kitchen with a dining area. Three bedrooms and two en suite bathrooms. The open floor plan allows a lot of light and gives access to the terrace that goes around the entire house. The pool, which is a saltwater pool, is located in front of the house and faces southwest where you can enjoy the sun all day. From here one can also enjoy the beautiful views of the mountains.

Next to the house is a small outbuilding that has a toilet and laundry room. A very big advantage of this property is the peacefulness, yet it is only a 10 minutes walk to the lively harbor and the beach. Living here you will get the unique blend between sea, mountain and traditional architecture. Furthermore this beautiful home has a private garage and the house has a tourist license.

Additional information: A/C (hot/cold), double glazing windows, pool, garage and tourist license.
