Wonderful penthouse in the heart of Santa Catalina

Fantastic penthouse in the heart of popular Santa Catalina. Palma's old town and the promenade by the harbor can be reached in just a few minutes walk. At the top of a 20th century building we find this charming gem. The building has only three neighbors and the whole apartment breathes older charm and many beautiful original details have been preserved in a sophisticated way.

The living space of about 100 m2 is distributed over the kitchen, a spacious hallway with a wood-burning stove and space for a sofa. From here you reach a large living room with plenty of space for socializing. There are two bedrooms with built-in wardrobes, two bathrooms, one of which is ensuite. From the master bedroom a smaller terrace is accessed where the stairs go up to a roof terrace with magical views of the Cathedral and the rooftops of Es Jonquet.

Additional information: AC, wood stove, Bathrooms were renovated in 2018.
