

Ref.:MF2587

Refurbished flat in fantastic condition in a central location in Palma

Around the corner from Plaza Madrid and within five minutes walking distance to Santa Catalina as well as the shopping street Jaime III in Palma city centre we find this fantastic property in an elevated position which was renovated to a high standard a couple of years ago.

From the entrance you enter directly into the open kitchen and living room, which has a large window section facing south-east and an exit to the sunny balcony. Adjacent to the living room is a room which is currently used as an office but which can also be advantageously used as a third bedroom.

Beyond the kitchen there are two double bedrooms with wardrobes. One bedroom has access to the flat's second balcony. The apartment has two complete bathrooms with heated towel racks, one with a shower and the other with a bathtub.

This is a home for the picky buyer. Here you find both central heating and air conditioning, beautiful oak wooden floors and double-glazed windows. When the apartment was renovated in 2019, nothing was left to chance and all electricity and plumbing have been replaced.

Additional information: lift, AC, heating, double glazed windows
