Bright and nice house with large pool and garden in Sa Cabaneta

Beautiful house with a lovely garden and a large pool in a pleasant villa community 15 minutes from the centre of Palma. The house's façade is welcoming with its native garden and palm trees. The living space of 150 m² is divided into four bedrooms, two bathrooms, living room and a kitchen. The entrance leads into the living room and from here on to the kitchen. A future project could be creating an open plan solution by opening up the kitchen with the living room. At the back of the house is the deck, the relaxing pool and the barbecue area, in other words a mini oasis where you can spend many hours with both family and friends. At the back is also the staircase leading up to the roof terrace. Right next to the house is a carport and a storage room.

Additional information: Electric gate, heating, fireplace and air conditioning.
