Entire floor for renovation with fantastic terraces in Palma

This unique property occupies an entire floor at the top of an eight-story building in El Camp d'Serralta, an upcoming area in Palma, neighbouring Santa Catalina. The shopping street Jaime III as well as the market in Santa Catalina are both a 10-minutes' walk away.

This is a spacious apartment with three large terraces facing south, west and east, and the view of Palmas rooftops and the mountains in the background are striking. There are three bedrooms, each with direct access to a terrace. From the living room you also reach the south facing terrace. The apartment requires renovation and there is huge potential to turn this property into a home beyond the usual. The building has an elevator. A garage in the building on the opposite side of the street is included in the price.

Additional information: air conditioning, heating, elevator, parking.
