Newly renovated apartment close to Santa Catalina with fantastic terrace and patio

This is a newly renovated apartment with wonderful sunny terraces, and just 10 minutes' walk from the Santa Catalina market and the shopping street Jaime III. The building has only four neighbors; the entrance and the stairs are very nice and well maintained. The monthly cost is very low and includes water.

The apartment was completely renovated in 2017 and preserves several original details, integrating them with the needs of modern life. The kitchen is fully equipped with AEG appliances and countertop with local stone from Binissalem. This is an apartment where you can enjoy the outside areas that have been beautifully designed. By the lower patio there is a good storage room with space for a washing machine.

Additional information: double glazing, air conditioning.
