Exclusive penthouse with large terrace and seaviews

This is an exclusive masterpiece designed and developed by Angel Martin Interiors, for which balance, simplification and order are the cornerstones of design. This luxurious penthouse of an approximate living space of 175m² plus 124m² of terrace will combine modern design with traditional solutions. The apartment has 3 bedrooms and 3 bathrooms, all of which are en-suite. The focus has been on the spacious living room with a design kitchen that has an open floor plan and opens up to the large terrace that surrounds the entire apartment. On the terrace you will find a barbecue, an outdoor kitchen and outdoor furniture. From the terrace you have a fantastic sea view of the entire bay of Palma and the magnificent cathedral. The apartment is fully furnished and the price includes design furniture of the highest quality

The aim has been to create elegant and functional spaces, with the main characteristic of spaciousness and openness to the outside, taking advantage of the stunning views over the entire bay of Palma. Material choices such as wood and natural stone combined with neutral colors, give the apartment a timeless character. The buyer will also be able to influence design, layout choices and furniture in order to create his dream home.
