Large corner apartment in Son Espanyolet

In the sought after area Son Espanyolet, we find this ground floor apartment in a charming Mallorcan two-storey house. Here you live in a quiet neighborhood within short walking distance of lively Santa Catalina with restaurants, bars and the popular market.

With a private entrance directly from the street you get more of a feeling of entering a house than an apartment. After a small hallway you enter the spacious living room which previously consisted of 3 smaller rooms. The 2 bedrooms are located on each side of the hall and can both fit a double bed. After the living room you reach the dining room with space for a dining table. A large bathroom is also located here. To the right from the dining room we find the small kitchen. It is possible to open up and make a large open kitchen and living/dining room. From the other living room located upstairs, you access the patio facing east. A smaller storage room is located here as well as plenty of space for barbecue, dining area and lounge furniture. Through a door from the living room you reach the large garage. In the garage there is also a guest toilet. This is a home with many opportunities that has to be seen!

Additional information: Air conditioning, parking, private terrace.
