Penthouse with large private roof terrace and garage in Son Espanyolet

We are proud to present another design project in the popular Son Espanyolet area. This magnificent house is only 5 minutes away from the Palma Tennis Club. The project is developed by a well-known developer that has been building successful projects in the area during the last 5 years.

This Penthouse will have a living area of approximately 90 m2, with 2 bedrooms, 2 bathrooms, an open kitchen and living room. You will also have the pleasure to enjoy a private roof terrace with generous space (approx 56 m2).

There is an option to buy the whole 3 storey house (see [MFP031](#)) or the ground floor with garden ([MFP031A](#)). The buyer can decide to add his/her own trademark to the property, through an upgrade of the selected materials, e.g. This will be a beautiful modern oasis in a charming neighborhood, within walking distance to Santa Catalina and Palma centre.

Additional information: air conditioning, heating, double glazing, elevator.
