Renovated penthouse in Es Forti

This is a beautiful renovated penthouse with its private terrace and a view of the city. The attention to detail, good taste, and love put into transforming the apartment into a loft making it an attractive option for those looking for a combination of a sun holiday and access to Palma.

The apartment has 1 bedroom but the sofa bed in the living area can host additional visitors. The kitchen is fully equipped with high-quality appliances, including an oven, refrigerator, freezer, dishwasher, hob, and extractor. The concrete countertop adds a modern touch. The apartment has aluminum shutters that help to regulate temperature and provide sound insulation and a wear-resistant concrete floor adds durability and aesthetic appeal. The bathroom and sink are constructed from natural stone. The toilet and terrace lighting, equipped with colored LED lamps, create a unique ambiance. Additionally, the water boiler and washing/drying machine are hidden away in the laundry area. It's worth noting that the penthouse is sold fully furnished and decorated, providing a turnkey solution for the buyer. However, it's important to consider that the apartment is located on the fourth floor and the building does not have an elevator.

Additional information: Air conditioning, double glazed windows, private terrace, aluminum shutters and furnished.
